

Merricks Capital is an institutional fund manager with \$2b+ of funds under management. The primary investment strategy is Private Credit, with a deliberate approach of providing capital where it is otherwise scarce. As a non-bank lender, Merricks has a strong track record in Commercial Real Estate lending and has recently introduced Agricultural lending as a key pillar of its business.

Dan leads the Merricks Capital Agriculture Investment strategy, which is focused on providing finance to Agribusinesses seeking capital. Prior to joining Merricks, Dan's experience was in Restructuring and Management Consulting over 10 years at McGrathNicol & FTI Consulting.

Merricks has deployed \$5b+ in credit facilities since inception and has a strong appetite for growth, which is well supported by investors.
